Statement of Code of Ethics
Colorado High School Activities Association
Supported by Colorado Springs School District 11

In order to be of maximum effectiveness in serving and fostering the education of the students so entrusted to us and in promoting and supplementing the regular curriculum, it is the duty of all concerned with our secondary athletic and activities programs to . . .

1. Cultivate an awareness that participation in athletics and activities is part of the total educational process and as such, the coach/advisor should neither seek nor expect academic privileges for the participants.
2. Emphasize the proper ideals of sportsmanship, ethical conduct and fair play as they relate to the lifetime impact on the participants.
3. Develop a working awareness and understanding of all rules and guidelines governing competition, both in letter and intent.
4. Recognize that the purpose of athletics and activities is to promote the physical, mental, moral, social and emotional well-being of the individual participants.
5. Avoid any practice or technique which would endanger the present or future welfare or safety of any participant.
6. Adhere to policies which do not force or encourage students to specialize or restrict them from participation in a variety of activities.
7. Refuse to disparage an opponent, an official, an administrator or spectator in any aspect of the activity.
8. Strongly encourage the development of proper health habits: the non-use of chemicals, including alcohol, steroids, tobacco in any form and other mood-altering substances.
9. Exemplify proper self-control at all times, accepting adverse decisions without public display of emotion or dissatisfaction with the officials or judges.
10. Encourage all to judge the true success of the athletic and activities programs on the basis of the attitude of the participants and spectators, rather than on the basis of a win or loss.

ATHLETIC PHILOSOPHY AND VALUES

Colorado Springs School District 11 believes that a safe and dynamic athletic program is an integral part of the total educational process and is vital to the character and educational development of all student athletes. Colorado Springs School District 11 athletic programs provide a variety of experiences that aid in the development of favorable habits and attitudes in students that will prepare them for adult life, including physical development, coordination, a healthy self-concept, pride and good sportsmanship. Good sportsmanship practices have lifelong values. The athlete who acts fairly, who observes laws and customs, who treats others with consideration, and who takes adversity with dignity earns respect. Students in today’s schools are tomorrow’s community citizens, and as adults will demonstrate many of the attitudes they are now learning.

Colorado Springs School District 11 Interscholastic athletic programs are in compliance with the constitution and bylaws of the Colorado High School Activities Association and affiliated leagues.

Colorado Springs School District 11 does not discriminate on the basis of race, color, national origin, sex, sexual orientation, age, religion, creed, marital status, or disability in admission or access to, or treatment or employment in, its programs and activities.

Varsity

Varsity-level programs are the most competitive of the athletic programs and, for that reason, include the most skilled and/or well-prepared student athletes. The student athlete earns the privilege to make the team. It is the coach’s responsibility to field the most competitive team available; starting position and athlete playing time is at the coach’s discretion.

Sub-Varsity

Sub-varsity programs are focused toward the development of skills necessary for participation on the varsity level. The student athlete earns the privilege to make the sub-varsity team. The coach of any sub-varsity program shall emphasize development of areas needing improvement on an individual and team basis. The coach will be encouraged to play as many participants as possible.

Middle School

The Middle School Athletic Program shall be an integral part of the total middle school educational program and seek to provide all students with an opportunity to explore a wide variety of activities at appropriate levels that will contribute to the student’s physical, emotional, social, and intellectual development.
SPORTSMANSHIP

As participants in School District 11 athletic program, stakeholders are expected to conduct themselves with the utmost integrity and sportsmanship. This includes, but is not limited to, respectful behavior toward all opposing team members, officials, and other adult support staff. The expectation is that all participants will be courteous, honest, and maintain the integrity of the sport.

The Coach:

1. Treats own players and opponents with respect.
2. Inspires in the athletes a love for the game and the desire to compete fairly.
3. Is a good role model.
4. Disciplines those on the team who display unsportsmanlike behavior.
5. Respects the judgment and interpretation of the rules by the officials.
6. Knows he/she is a teacher and understands the athletic arena is a classroom and always remembers it is a privilege not a right to represent school and community.

The Parent/spectators:

1. Remember that you are at a contest to support and cheer for your team and to enjoy the skill and competition; not to intimidate or ridicule the other team and its fans.
2. Remember that school athletics are learning experiences for students and they may make mistakes. Praise student-athletes in their attempt to improve themselves as students, as athletes and as people as you would praise a student working in the classroom.
3. A ticket is a privilege to observe the contest, not a license to verbally assault others and be generally obnoxious.
4. Learn the rules of the game, so that you may understand and appreciate why certain situations take place.
5. Show respect for the opposing players, coaches, spectators and support groups. Treat them as you would treat a guest in your own home.
6. Respect the integrity and judgment of game officials. Understand that they are doing their best to help promote the student-athlete, and admire their willingness to participate in full view of the public.
7. Recognize and show appreciation for an outstanding play by either team.
8. Refrain from the use of any controlled substances (alcohol, drugs, etc.) before and during games, and afterwards on or near the site of the event (i.e., tailgating).
9. Use only those cheers that support and uplift the teams involved.
10. Recognize and compliment the efforts of school and league administrators for their efforts in emphasizing the benefits of educational athletics and the rule of good SPORTING BEHAVIOR to the end.

11. Be a positive role model through your own actions and by censuring those around you at events whose behavior is unbecoming.

**The Player**

1. Treats opponents with respect.

2. Plays hard, but plays within the rules.

3. Exercises self-control at all times, setting the example for others to follow.

4. Respects officials and accepts their decisions without gesture or argument.

5. Wins without boasting, loses without excuses and never quits.

6. Always remembers that it is a privilege to represent the school and community.
GENERAL ATHLETIC EXPECTATIONS AND PROCEDURES

1. The safety of athletes is the number one priority. Participants must be aware that other athletes’
   physical safety is extremely important and avoid any type of aggressive action, which could lead to
   injury to another participant. Participants are also responsible to avoid any activity which could lead
   to injury when not being supervised by an assigned faculty member or coach.

2. Every student is encouraged to participate in as many different sports during each school year as
   possible. The students and their parents should determine the choice of sports.

3. Students are expected to report for sports at the beginning of each sport season as established by
   the Colorado High School Activities Association (CHSAA) and School District 11.

4. Team members of all sports are required to attend all scheduled practices and meetings during the
   established sports season. If circumstances arise whereby the student cannot attend a practice or
   meeting, the validity of the reason will be adjudged by the individual coach. In all cases, however,
   the coach must be notified, prior to the practice or meeting missed, by personal contact, phone call,
   or written statement from the parent or guardian.

5. The players who play in the games, matches, meets will be the ones who, in the coaches’ judgment,
   will contribute to the team’s success. In determining this, the coach will take into consideration:
   ◊ Athletic eligibility.
   ◊ Athletic ability/skill set.
   ◊ Practice and meeting attendance during the week.
   ◊ Performance during practice sessions.
   ◊ An injury that would affect performance.
   ◊ The athletes’ attitude, coachability and “fit” with other team members.

6. Athletes can and will be dismissed from the program for behavior that is detrimental to the team.

7. In the event your son or daughter has an injury that takes an extended time to heal, they will still be
   expected to attend practices, meetings, and games even though they cannot actively participate.

8. If an athlete is eliminated from one sport, he/she is eligible to participate in another sport during
   that season at the discretion of the coaches. An athlete faced with this situation would be encour-
   aged to go out for another sport unless eliminated because of disciplinary reasons or eligibility in-
   fractions.

9. Any student may drop out of a sport if it is done in the proper way.
   ◊ The student must make the reasons known to the coach.
   ◊ The athlete must return all equipment and clear all financial responsibility with the school.
   ◊ If equipment/uniform is lost, not turned in, or damaged the athlete will be charged for the
     replacement of the equipment.
CONTROLLED SUBSTANCES, ALCOHOL and TOBACCO

A student athlete’s unlawful or otherwise improper use or possession of controlled substances, alcohol and/or tobacco reflects poorly on the student’s school and team and sets a bad example for other students, regardless of when the use or possession occurs. In addition, a student athlete’s use of controlled substances, alcohol and/or tobacco may adversely affect the student athlete’s health, fitness and athletic performance and may result in injury, regardless of when the use occurs. Accordingly, students participating in any School District 11 interscholastic athletic program shall not, regardless of the quantity involved: (1) use or possess any beverage containing alcohol, (2) use or possess tobacco or tobacco products; or (3) use or possess any controlled substance, including steroids, in any manner that is contrary to law or School District 11 policies and regulations.

The forgoing rules shall be in effect for School District 11 interscholastic athletes on a year-round basis, including weekends, summers, vacations and holidays, whether the student athlete is on or off School District 11 property and whether or not the student athlete is at the time participating in any school-sponsored activity or event.

The following consequences for violation of the rules concerning controlled substances, alcohol and tobacco are applicable to all School District 11 students in interscholastic athletics throughout the time they are enrolled in grades 9 through 12.

Consequence for First Violation

Suspension from 30% of interscholastic competitions beginning in the season when the first violation occurs (including regular season and post season/playoff competitions) and continuing into any subsequent season of the same or a different sport if the full suspension cannot be served during the season when the first violation occurs. During all periods of their suspension, student athletes must participate in practices and otherwise remain in good standing with each team from which they are suspended in order to be eligible to return after their suspension.

Consequence for Second Violation

Suspension from 50% of interscholastic competitions beginning in the season when the second violation occurs (including regular season and post season/playoff competitions) and continuing into any subsequent season of the same or a different sport if the full suspension cannot be served during the season when the second violation occurs. During all periods of their suspension, student athletes must participate in practices and otherwise remain in good standing with each team from which they are suspended in order to be eligible to return after their suspension.
Consequence for Third Violation

Student athlete will lose the right to participate in all interscholastic athletics for the remainder of his/her high school career.

For clarification, listed below are the number of interscholastic competitions from which student athletes will be suspended for a first violation (30% of competitions) and a second violation (50% of competitions).

ELIGIBILITY

High school (grades 9-12) interscholastic athletic eligibility is set by the Colorado High School Activities Association (CHSAA) and is as follows:

Plan A: During the period of participation, the student must be enrolled in courses which offer, in aggregate, a minimum of 5.0 full units of credit per semester and must not be failing more than the equivalent of one full unit of credit. Eligibility shall be determined by regular eligibility check as specified at each school.

◊ No athlete may participate in any athletic event if he/she has not attended a minimum of 50% of a normal class schedule on the day of the event. Exceptions to this rule must be approved by a building administrator.

◊ Any athlete that wants to practice/play with any outside team of the same sport during the same season must fill out a CHSAA permission form in the high school athletic director’s office.

◊ All incoming 9th grade athletes are automatically eligible for first semester athletics regardless of their grades from the 8th grade.

◊ A student is ineligible to enter interscholastic athletic competition if he/she reaches their 19th birthday prior to August 1.

◊ Under no condition may approval be granted for participation in more than four (4) seasons in a specific activity or if the student requires an exception to the consecutive or total semester rule.

◊ Any student who has attended more than eight semesters (in grades 9-12) is ineligible for high school athletics.

◊ A school may choose to have higher standards, but must, at a minimum, maintain the above policy.

A student may lose his/her eligibility for an extended period of time. The request for such action can be initiated by a coach or building athletic director. The student and parent shall be notified of the actions taken by a coach or administrator.

Grounds for suspension from participation shall be:

◊ Violation of school, team, and/or district training and participation responsibilities.

◊ Willful disobedience and/or defiance of proper authority (coaches, referees, or other school personnel).

◊ Destruction, defacement, or damage to school property.

◊ Behavior that is disruptive to the welfare, safety or morals of other students or the community at large.
No student shall represent his/her school in interscholastic athletics until there is 1) a statement of Student Eligibility on file with the superintendent or principal signed by his/her parent or legal guardian and 2) a signed physical form certifying that he/she has passed an adequate physical examination within the past year, noting that in the opinion of the examining physician, physician’s assistant, nurse practitioner or a certified/registered chiropractor, that the student is physically fit to participate in high school athletics; that the student has the consent of his/her parents or legal guardian to participate; and 3) the parent and participant have read, understand and agree to the CHSAA guidelines and the District 11 Handbook for eligibility.
The CHSAA supports school choice in academic pursuits and encourages its student participants to enhance their academic achievement. In concert with this attitude, the Association’s philosophy addresses the establishment of a fair playing field for all students athletes.” The following rules apply to all School District 11 athletes.

◊ A student who transfers due to a bona fide move will always have full transfer eligibility.

If your family makes a bona fide family move into a new attendance area during your high school career, then you would have full varsity eligibility at the high school that is within the attendance area of your new address.

◊ An eighth grader's first entry into a high school will result in full varsity eligibility.

◊ A student who has not participated in an interscholastic contest or scrimmage in a specific sport during the 12 calendar months preceding the date of transfer shall have full varsity eligibility at the receiving school in that specific sport at all levels of competition.

I am a freshman, sophomore or junior and did not play any sports this past year. I decide to “school choice” outside of my home school area for next year. What loss of athletic eligibility will be the result of this action? None

◊ A student who transfers during the summer without a bona fide family move will be ineligible for varsity competition in the first 50% of the maximum regular season contests allowed in any sport in which the student was a participant during the previous 12 months. The student may practice with the team and play at the sub-varsity level during this time.

I am a freshman, sophomore, or junior and I have decided to transfer to another school over the summer. I played volleyball, basketball, and soccer for my current school. What loss of athletic eligibility will be the result of this action when I transfer to the new school?

You will be ineligible for varsity competition in the first 50% of the maximum regular season contests allowed in volleyball, basketball, and soccer. You may practice with the team and play at the sub-varsity level during that time.

◊ Any student who transfers school after the beginning of the school year and has participated at the varsity level does not have varsity eligibility at the receiving school (except in a bona fide family move).

I participated in cross country, swimming, and track at my old school. My parents decided to move to a new house in the middle of the school year and I will be attending the new school in my home school area. What athletic penalty will be the result of this action:

None. You will have full varsity eligibility because of the bona fide move.

I play football at school A. I played in an interscholastic contest (game) and then decided
that I would rather go to school B. What athletic penalty will be the result of this action?

You will be ineligible for varsity competition in football for the remainder of that sports season. You can practice and play at the sub-varsity level. Additionally, you will be ineligible to play at the varsity level in any other sport that you played 12 months prior to the transfer.

I am a volleyball, basketball, and track athlete at school A. After the volleyball season was completed and in the middle of basketball season, I decide to transfer to a school without a bona fide family move. What loss of athletic eligibility will be the result of this action?

You will not be able to participate at the varsity level in either basketball or track. The next year, you will not be allowed to participate at the varsity level for the first 50% of the season in either volleyball or basketball. However, you will be able to participate at the varsity level in track that year.

If a student attends a school that does not offer a program in which the student wishes to participate, the student may participate in a program at another school in School District 11; however this student must participate at the same school during all their high school participation in that sport, or they will lose 50% of varsity competition. This rule applies to charter, private, out-of-district, or home-schooled students.

To review the CHSAA Transfer Rule in its entirety, see www.chsaa.org or contact our building athletic director. Current CHSAA By-Laws will always take precedence.
